MEDICAL. DR. ROGERS' LIVER WORTH AND TAR
FOR THE COMPLETE CURE OF
Conghe, Oldo, Influents, Addina, Broachite, milting of
Eloud, and all other Lang Complaints tending to
CONSUMPTION.

THE GREAT COUGH REMEDY!

READER! have you a Cough, which you are neglecting, under the idea that it is only a common cold, that it will soon "wear itself out!" Let a triend tell you, in all kindness, what will soon be the probable result.

In a short time, if you continue to neglect yourself, you will begin to feel a sense of fightness and oppression arress the chest, accompanied with frequent sharp durling pains. Then a dry, hacking Cough will set in, and when you raise anything it will be a thick and vellowish, or white frothy matter, streaked, perimps, with blood. If you still take no medicine, these unplessant symptoms will increase, and you will scon have flectic Fever, Cold Chills, Night Sweats, Coptons Expectoration, and then Great Prostranton. If you still ous Expectoration, and then Great Prostration. If you still neglect yourself, a few weeks or mouths will see you consign ed to the grave, leaving your friends to mourn how rapidly CONSUMPTION did its work, and hurried you away. Friend! have you to conse to be alarmed? In the above sketch you may see as in a glass, how every case of Consumption of Consumptions of C mption progresses, with more or less espainty, to a fatal mountaion. Of all the Thousands and Millions whom this simption progresses, with more of less satisfairs, of a latest termination. Of all the Thousands and Millions whom this great Destroyer has guthered to the tomb, everywingle case began with a Gold? If this had been attended to, all unglit have been well but, being neglected, under the fatal defusion that it would "wenr itself," it transferred its deadly action to the substance of the Langs, exciting there the formation of tobercles. Another, and another cold added fuel to the flame, until those tubercless began to soften and suppurate eaving, by their ulceration, great cavines in the Langs. At his crisis, the disease is very difficult of care, and oftentime sets at defiance all human means.

In the latter or worst stage, this medicine will oftentimes arrest the disease, or check its progress, and will always make the patient more confortable, and prolong his life, and is therefore worthy of a trial;—but in its incipient or forming periods, Consumption is as curable as any other disease, and "Dr. Rogers" Syrup of Liverworth, Tar, and Canchalagua, if taken at this time, will care it [147] AS SURELY AS IT IS TAKEN [27]. This is atrong language, but we can refer you to numberless living witnesses to prove that it is TRUE! And therefore, we estructed, or is subject to Colds, to keep medicing the control of the

child, who has a Cough, or is subject to Colds, to keep med-icine by you in the house, and whenever you take Cold, do not "let it alone" to work mischief in your system, but eradi-cate it thoroughly, at once, by this power, fully healing com-pound and leave your Lungs uninjured, to carry you in full

pound and leave your Lungs uninjured, to carry you in Rul vigor to a good old age!

MOTHERS!

Have you delicate, weakly children, who are always taking cold, and subject to Group! Remember! There never was case of Croup, which did not originate in a Cold! And when your child goes to bed wheezing and coughing, you know not that, before morning. Croup may not set in, and ere won can get a Physician, your dear child may be beyond the reach of bein. We lessed you therefore, as you value the reach of help. We beseeth you therefore, as you value the lives of your children, keep this medicine by you in the house, and when your little ones take cold and commence coughing, give it to them at once, and rest not until the cough is entirely subdued. We conscientiously over, after the most extended experience, that if this advice were followed no child used ever no child need ever DIE OF CROUP,

DIE OF CROUP,
for the cold would be cured, before it could arrive at this aggravated and fatal stage. Let every Mother, especially, heed well these remarks, that she may not be reafter, when mourning over the early blight of some cherished blossom, have occasion bitterly to reproach herself for her criminal neglect. It is anold adage, that "to be farwarned, is to be forearmed." Parents! so let it be in your case.

Be sure to ask for Dr. A. Rogers' Syrup of LIVERWORT, TAR and CANCHALAGUA, and let no other be palmed on you.
